ASSEMBLY (continued):

CHAIRMAN OF COMMITTEES, OPINIONS OF (ctd.):

Crown Lands Act Amendment Bill: Proposed amendment by Mr. Davidson in clause 2 was within the order of leave, 1849; proposed new clause by Mr. Rose, providing that a settlement lease could be converted into a conditional purchase, was a reversal of the principle of the bill, and, therefore, out of order, 2248; similar amendment by Mr. Dight was out of order, 2254; proposed new clause by Mr. Webster, relating to land agents, was outside the scope of the bill, 2258.

Error in division: Would ask the Committee to take a fresh vote, 3715.

Financial Statement: Affairs of the Commonwealth could not be discussed, 3036.

Government Savings Bank Amendment Bill: The Minister, in moving the introduction of the bill, had stated that he was taking power to lease and purchase land, 3323, 3329.

Members addressing the House: An hon. member did not address the Minister but the House, 1116.

Quoting from a document: Could not debar the hon. member for Moree from quoting from a document, 3010; could not accept a motion in Committee that a document be laid on the table, 3010; a document that involved the character of an hon. member could not be read, 3013; as to procedure in making charges against an hon. member, 3013.

Reduction of Members Referendum Bill: Could not hold that the Legislative Council was involved in the resolution submitted by the Government, and must, therefore, decide that the amendment of the hon. member for Kahibah was not relevant to the subject-matter of the resolution, 2735.

Relevancy: On the question of the expediency of introducing a bill, hon. members could use what arguments they chose so long as they kept within the scope of the motion, 2307.

Senators Election Bill: Amendment to clause 2, proposed by Mr. Cohen, was in order, 4491.

Supply: Hon. members could talk on any subject comprised within the vote stated from the chair, but must not discuss the estimates in detail, 3895.

CHAIRMEN OF COMMITTEES, TEMPORARY—

OPINIONS OF:

Government Savings Bank Amendment Bill: It was in order to discuss the question of the leasing of land and the erection of buildings, 3344.

Reduction of Members Referendum Bill: Amendment proposed by Mr. Carruthers on the introduction of the bill was a direct negation of the principle involved in the motion, 2709; motion by Mr. Carruthers "That the Chairman leave the chair," was of an obstructive character, and therefore out of order, 4236.

16 June to 26 November, 1903.

C. L. Fitzpatrick, Mr. Carruthers, 1275; Mr. Edden, 1276; Mr. Gormly, Mr. Sleath, 1277; Mr. Cohen, Mr. Arthur Griffith, 1278; Mr. Hogue, Mr. Cann, 1279; motion negated, 1280.

SESSIONAL COMMITTEES:

Sessional committees agreed to, 479.

SESSIONAL ORDERS:

Sessional orders agreed to, 86.

SPEAKER, MR. [WILLIAM M' COURT, ESQ.], RULINGS AND OPINIONS OF:

Adjournment: It was out of order to discuss the conduct of a judge on a motion of adjournment, 562; a notice of motion having been given on any subject, a motion of adjournment could not be moved dealing with the same matter, 697, 1212; was in doubt whether the subject of proposed motion could be freely discussed in Committee of Supply, and was disposed to allow the motion to stand, 2799; motion of adjournment by Mr. Carruthers to discuss the matter of the Yarmouth Estate was moved under the 49th standing order dealing with urgency, and was not out of order, 4032.

Appropriation Bill: Debate must be confined to the contents of the bill; he would allow no more latitude on this than on any other bill, 4524.

Australian Agricultural Company's Estate: As to motion affecting urgency, 4563.

Bills of Sale Amendment Bill: The bill did not involve any public expenditure nor impose any taxation, and although it had come from the Upper House, it was in order, 3830.

Braddon Clause: Amendment proposed by Mr. J. C. L. Fitzpatrick was out of order as it referred to state revenue and not federal revenue, 4485.

Broken Hill Water Supply: As to amendment on motion to refer proposed work to the Public Works Committee, 915.

Closure: The House having decided that an hon. member should be not further heard he could not be subsequently heard on the same question, 1503; nor had he a right of reply, 1645; *obs.* 1717; motion, "That the question be now put," could be decided on the voices, 1923.

Consolidated Revenue Fund Bill: An hon. member could not debate the Hare system of voting as it was not included in the bill, 1146.

Crown Lands Act Amendment Bill: In determining point of order reported from Committee, that a proposed new clause was outside the scope of the bill, he had to consider, not the order of leave, but what was contained in the scope of the bill as introduced and read a second time, 2254.

ASSEMBLY (continued):SPEAKER, MR., RULINGS AND OPINIONS OF (*ctd.*):*Defamation Bill*: The order of leave did not cover certain proposed alterations, and therefore the bill was out of order, 3415.*Dentists Act Amendment Bill*: Money was not proposed to be paid into or out of the consolidated revenue, and therefore he was not inclined to rule the bill out of order on the ground that it should not have been introduced in the Legislative Council, 2139.*Disorder in the House*: An hon. member named, 321, 325; it was within the province of the House to order what punishment it thought fit, 326; the original motion for the acceptance of an apology having been negatived, that settled the question, 328; the matter was not one of privilege, the House having already dealt with it, 330.*Dissent from Ruling*: *Obs.*, 1280.*Federal Capital Site*: As to the request of an hon. member to call on the order of the day, 3428.*Forestry Bill*: There being no indication in the order of leave of an intention to amend the Crown Lands Acts, and as the bill proposed to amend those acts in several respects, it was out of order, 2354.*Forestry Bill (No. 2)*: Was not beyond the order of leave, 2671.*Government Savings Bank Amendment Bill*: Was not beyond the order of leave, 4575; at the end of the session would allow the adoption of the report to be taken, even though an objection was raised, 4612.*Improvement Leases*: Motion by Mr. Wood was in order, 3429, 3431.*Land and Income Tax Bill*: Did not in any way override the Companies Act, and was in order, 704; *obs.*, as to amendments by Legislative Council, 2997.*Local Option*: Motion by Mr. McGowen did not clash with the Liquor Bill, and was therefore in order, 3538; point of order as to suspension of standing orders was fatal, 3539.*Master in Equity (Deputy) Bill*: Did not involve expenditure, 4658.*Matter of Urgency*: As to statement by hon. member moving the motion, 1550.*Motion could not be moved*: An hon. member could not move a motion for the appointment of a select committee on behalf of the member in whose name the motion stood, 1205.*New Land Bill*: Motion by Mr. Webster included matter which would come within the scope of a debate on the Land Bill, and therefore was out of order, 1577.*Order of Business*: The standing order enabled the Government to place their business on the paper, but it did not prevent them from moving the postponement of any order of the day when it was called on, 1960.*Papers*: The ordinary course was for a minister to lay papers on the table without comment, 4031; would allow the Minister to make a statement in laying papers on the table, though it was not strictly in order, 4379.**ASSEMBLY (continued):**SPEAKER, MR., RULINGS AND OPINIONS OF (*ctd.*)*Personal Explanation*: It was usual to allow the Prime Minister or the leader of the Opposition, if he had been misrepresented or misunderstood, to make an explanation; but he could not use arguments, 130, 205; an hon. member may be allowed to correct statements in a newspaper concerning himself, but should not use any arguments, 1756; the rule allowing a personal explanation applied to anything said as to the conduct of an hon. member in the House, or something that had occurred in the House, 3739.*Preferential Trade*: Motion by Mr. Willis being substantially the same as one already on the notice paper was out of order, 1573.*Privilege—Newspaper Paragraph*: The dignity of the House would be best consulted by not dealing with the matter as one of privilege, 85; as to motion that a message be sent to the Legislative Council, complaining of reflections upon members of the House by the Attorney-General, 2537.*Public Accounts Committee*: Motion to fill vacancy out of order, 624; motion for appointment to fill a vacancy must be taken without debate, 701.*Public Instruction Act Amendment Bill*: Motion by Mr. Arthur Griffith for the suspension of the standing orders was out of order, 4172.*Public Places Advertisements Bill*: Was not beyond the order of leave, 4225.*Public Service (Superannuation) Bill*: As to amendments by Legislative Council, 3181.*Questions*: The question the hon. member wished to put bore on a question he had already asked that day, and therefore if he wanted to ask it he had better do so on notice, 1022; an hon. member could only ask a private member a question with regard to a bill or other business in his charge, 2061.*Quoting from a Newspaper*: An hon. member was not in order in quoting from a newspaper remarks by persons outside which would not be permitted to be made in the House, 99; an hon. member could not quote from a newspaper in reference to matters occurring during the same session, 4010.*Reduction of Members Referendum Bill*: With reference to the point of order reported from Committee, the amendment of the leader of the Opposition would practically reverse the leading principle of the resolution and was not relevant, 2717; the Appropriation Bill not having been introduced, he could not allow the third reading of the bill to be proposed without the usual notice, 4354; on the question, "That the bill do now pass" an hon. member could only advance reasons why the bill should or should not pass at that particular time, 4361.*Regulation of Wages in Coal Mines Bill*: The hon. member for Wickham was an honorary Minister of the Crown, recognised by his colleagues, and was in order in moving the second reading of the bill, 2328.

16 June to 1 December, 1903.

ASSEMBLY (continued):

SPEAKER, MR., RULINGS AND OPINIONS OF (ctd.):

Reintroduction of a Bill: On the motion to reintroduce a bill interrupted in the previous session, the merits of the bill could not be discussed, 628.

Servants Registry Bill: Proposed amendment was not beyond the scope of the bill, 1795.

State Children's Relief Bill: In reference to the point raised that the bill was beyond the order of leave, it came from the Upper House and was supposed to have been properly introduced, 2390; the bill if passed would entail new expenditure from the consolidated revenue, and therefore should have been preceded by a message from the Crown, 2394.

Strangers: Obs. as to strangers in the precincts of Parliament, 3179.

Suspension of Standing Orders: Meant that the motion could be taken without notice and out of its regular order, 3534; the suspension of the standing orders in the form adopted was fatal to the discussion of motion by Mr. McGowen, 3539; as a reason why the standing orders should not be suspended; an hon. member could show that there were bills on the paper more urgent than the one in question, 4179; although it was near the close of the session it would be better to follow the usual practice with regard to two bills proposed to be included in motion, 4487.

Totalisator Bill: Motion for leave to introduce the bill could not be ruled out of order by reason of a motion on the paper for the reintroduction of another bill on the same subject, 1583.

Urgency Motion: Form to be adopted, 4655.

SPEAKER, MR. DEPUTY, RULINGS AND OPINIONS OF:
