Bills

A member moved, "That this debate be now adjourned". The Chair reminded members that motions must be moved in a manner that makes it clear to the House the intention of the person moving the motion. As that was not the case, the Chair ruled that the motion to adjourn the bill without any reference to a time frame was not in accordance with the standing orders and was therefore out of order, 20922 (25.02.10)

The question "That this bill be now read a first time and printed" must be put without amendment or debate, 21634 (18.03.10)

Casting vote

The vote being equal [on a suspension motion regarding the CBD metro] the Chair gave the casting vote and declared the question to be resolved in the negative, 23809 (08.06.10)

Chair

A member was trifling with the ruling of the Chair. If she did so again she would be called to order, 22993 (19.05.10)

Debate

The Chair reminded members that a member was about to make his maiden speech. The Chair asked members to respect the tradition of extending to the member the courtesy of being heard in silence, 20933 (25.02.10)

THE PRESIDENT (THE HON. AMANDA FAZIO) *(continued)***Documents**

The member was not seeking leave to table a petition. He was seeking leave to table documents that comprise a set of coupons that have been clipped from newspapers by readers. The question was not whether the documents are a petition but whether leave should be granted to table them. Leave was granted for the documents to be tabled, 23460 (02.06.10)

Interjections, interruptions and disorder***Interjections***

Interjections are disorderly at all times, 20694 (23.02.10), 20906 (25.02.10), 20923 (25.02.10), 20926 (25.02.10), 21546 (17.03.10), 21688 (18.03.10), 22504 (12.05.10), They are certainly of little assistance in terms of the conduct of debate, 20926 (25.02.10), and the member with the call should refrain from responding to them, 21688 (18.03.10), 22840 (18.05.10), if the member with the call continued to respond to interjections, he would be called to order, 21689 (18.03.10)

A member had been given the courtesy of being heard in silence and he should reciprocate, 20923 (25.02.10)

A member was asked to cease interjecting so the Chair could hear the point of order, 20924 (25.02.10), 24373 (22.06.10)

Opposition members were asked to cease interjecting as it was impossible for the Chair to hear the member with the call, 20927 (25.02.10), the Chair could not hear the Treasurer's answer, 22816 (18.05.10), the Minister could not hear the question, 23159 (20.05.10)

The level of interjection was getting completely out of hand. If it did not improve, the Chair would place members on calls to order. Certain members were serial offenders in this regard, 21140 (10.03.10)

If members continued to make interjections when Ministers were answering questions, Ministers may be inclined to respond to them. The issue to which the Treasurer was referring was raised by way of interjection from a member of the Opposition, 21140 (10.03.10), The Chair would not tolerate rulings being canvassed. If members wished for

THE PRESIDENT (THE HON. AMANDA FAZIO) *(continued)***Interjections, interruptions and disorder** *(continued)****Interjections*** *(continued)*

responses to their questions to be relevant, members would refrain from interjecting while questions were being answered, 21140 (10.03.10)

A member did not have the call, 21428 (16.03.10)

If a member wishes to contribute to the debate rather than make interjections, she should stand and seek the call at the appropriate time, 21546 (17.03.10)

There were too many interjections, 22284 (11.05.10), 22289 (11.05.10), 22809 (18.05.10), 23157 (20.05.10), 23314 (01.06.10), and the member with the call should not respond to them, 22329 (11.05.10), If the Chair could not hear the Treasurer, the Chair doubted whether members could hear him, 22284 (11.05.10), 24186 (10.06.10)

Members who continue to interject when the Chair is calling for order will be placed on a call to order, 22445 (12.05.10), 23314 (01.06.10), 23963 (09.06.10)

Thus far the debate had proceeded without interruption, and the Chair hoped that members displayed like restraint for the remainder of it, 22504 (12.05.10)

A member was asked to confine his remarks to the bill and to refrain from responding to interjections, 22510 (12.05.10)

The previous member had been heard in silence, and the Chair expected the member with the call to be given the same courtesy, 22633 (13.05.10), 22654 (13.05.10), members who repeatedly interject during the important debate would be called to order. Members called to order three times would be removed from the Chamber, 22633 (13.05.10)

The Chair could not hear the member with the call because of the level of interjection, 22648 (13.05.10), 23636 (03.06.10), 23639 (03.06.10)

There was one set of rules and the Chair asked members to cease interjecting. A censure motion is an important motion and members with the call should be heard in silence, 22660 (13.05.10)

23 February 2010 to 24 June 2010

THE PRESIDENT (THE HON. AMANDA FAZIO) (*continued*)**Interjections, interruptions and disorder** (*continued*)**Interjections** (*continued*)

Members who continue to interject loudly would be placed on calls to order. The Chair knew that members had not had much sleep but their behaviour during question time was unacceptable, 23157 (20.05.10)

A member did not ask the question and he should not interject, 23165 (20.05.10)

There were too many interjections. A member had waited a long time to debate his motion. Members should allow him to make his contribution without interruption, 23172 (20.05.10)

Opposition members were asked to cease interjecting. The Minister was answering a question, 23313 (01.06.10)

Opposition members should not interject. If they continued to do so, they would be called to order, 23319 (01.06.10)

There were too many interjections during a division. Members who continue to interject will be called to order, 23339 (01.06.10), 23641 (03.06.10)

A member was reminded that she should not interject, 23968 (09.06.10)

Members were asked to cease interjecting and to allow the Minister to answer the question, 24371 (22.06.10)

Interruptions

A member would be placed on a second call to order if he continued to interrupt, 24374 (22.06.10), Opposition members would be placed on two calls to order if they continued to interrupt, 24374 (22.06.10)

Order and decorum

It is not appropriate for members to clap in the Chamber, 20928 (25.02.10)

Members will direct their comments through the Chair, 21512 (17.03.10), 22474 (12.05.10), 22944 (19.05.10), 23169 (20.05.10), 24391 (22.06.10), and not to other members, 22474 (12.05.10), 23169 (20.05.10)

THE PRESIDENT (THE HON. AMANDA FAZIO) (*continued*)**Interjections, interruptions and disorder** (*continued*)**Order and decorum** (*continued*)

While the Treasurer's comment was interesting, it was not to the point of order on which the Chair had to rule. The point of order was about the amount of noise in the Chamber. The level of noise on both sides of the House was unacceptable. The notice of motion was important. The Chair asked all members to listen to it in silence, 22432 (12.05.10), the member would continue his notice of motion from where he was interrupted, 22432 (12.05.10)

Members will refer to other members by their correct title, 22659 (13.05.10)

Points of order

It is inappropriate for members to make debating points under the guise of a point of order, 20780 (24.02.10), 23629 (03.06.10), 23639 (03.06.10), 23640 (03.06.10), any member who does so will be called to order, 20780 (24.02.10)

The Chair had already cautioned members about using points of order to make debating points. Any member who continued to do so would be formally called to order, 20908 (25.02.10)

A member was making a debating point, not taking a point of order, 20925 (25.02.10), 21264 (11.03.10), 24710 (24.06.10)

The Chair asked a member to clarify the basis of his point of order, 20780 (24.02.10)

Before members rise and start to speak on a point of order, they should first indicate that they wish to take a point of order, 20908 (25.02.10)

The Chair clarified whether a member was still speaking to the point of order, 20925 (25.02.10), clarified whether a member was taking a point of order, 22647 (13.05.10), 22934 (19.05.10), clarified whether a point of order was in relation to relevance, 24371 (22.06.10), clarified whether a member was making a debating point or taking a point of order, 24557 (23.06.10)

If a member wished to take a point of order in relation to relevance, he should state just that. He should not go into a lengthy argument to make a debating point under the guise of a point of order, 21140 (10.03.10)

THE PRESIDENT (THE HON. AMANDA FAZIO) *(continued)***Interjections, interruptions and disorder** *(continued)***Points of order** *(continued)*

The Chair clarified whether a member was taking a point of order or asking a Minister to withdraw a comment, 22445 (12.05.10)

A point of order cannot be taken in relation to personal vilification. The member should either reacquaint himself with the standing orders or refrain from taking points of order, 22633 (13.05.10)

A member would come to the nub of his point of order, 22659 (13.05.10)

The Chair clarified whether a member's point of order related to relevance, 23157 (20.05.10)

If a member behaved in such a manner again during a point of order he would be placed on a call to order, 23157 (20.05.10), 23318 (01.06.10)

The Chair had yet to rule on a point of order, 23160 (20.05.10), on the first point of order, 23162 (20.05.10)

The Chair will not allow members to argue with one another across the Chamber. The member will address the Chair on the point of order, 23317 (01.06.10)

The member put his argument in the form of a speech against urgency rather than a point of order, 23327 (01.06.10)

The only point of order the Chair would consider was on relevance, 23958 (09.06.10)

It is not appropriate for a member, when taking a point of order, to attempt to counsel anyone, 24373 (22.06.10)

The member's point of order had become a speech on urgency. He should confine his comments to the point of order, 24554 (23.06.10)

Questions

Too many members were debating the question, 24713 (24.06.10)

Mobile phones

Members were reminded to turn off their mobile phones, 21040 (09.03.10), members who did not set their mobile phones to silent mode would

THE PRESIDENT (THE HON. AMANDA FAZIO) *(continued)***Mobile phones** *(continued)*

be called to order, 21132 (10.03.10), the Chair reminded a member of an earlier ruling in relation to mobile phones and placed the member on a call to order, 21685 (18.03.10), 22485 (12.05.10), 23176 (20.05.10), 23317 (01.06.10)

Motion of censure

There was one set of rules and the Chair asked members to cease interjecting. A censure motion is an important motion and members with the call should be heard in silence, 22660 (13.05.10)

Notices of motions

It is not appropriate for members to engage in discussion and debate or to respond to interjections when giving a notice of motion, 22274 (11.05.10)

While the Treasurer's comment was interesting, it was not to the point of order on which the Chair had to rule. The point of order was about the amount of noise in the Chamber. The level of noise on both sides of the House was unacceptable. The notice of motion was important. The Chair asked all members to listen to it in silence, 22432 (12.05.10), the member would continue his notice of motion from where he was interrupted, 22432 (12.05.10)

Offensive and objectionable remarks, imputations and aspersions

Members should not make imputations against other members, 20701 (23.02.10), 20702 (23.02.10), 21439 (16.03.10), 21440 (16.03.10), members who want to make reflections on or imputations about other members must do so by way of substantive motion, 22636 (13.05.10), 22993 (19.05.10), 23311 (01.06.10), 23639 (03.06.10), 24401 (22.06.10), a member was trifling with the ruling of the Chair. If she did so again she would be called to order, 22993 (19.05.10)

While a member had brought to the attention of the member with the call that she could not make imputations against other members, the Chair noted that the time for debate had expired, 20820 (24.02.10)

Members should not impugn other members when contributing to debate, 20704 (23.02.10)

23 February 2010 to 24 June 2010

THE PRESIDENT (THE HON. AMANDA FAZIO) (*continued*)**Offensive and objectionable remarks, imputations and aspersions** (*continued*)

Only members who are personally aggrieved by a statement can ask for the statement to be withdrawn, 20704 (23.02.10), only the member to whom a comment has been directed can seek the withdrawal of the comment; no other member can ask for it to be withdrawn on that member's behalf. However, the Treasurer should be careful not to make adverse reflections upon or imputations about another member of the House or the other place, 22936 (19.05.10)

A member had not made an imputation against another member, 21056 (09.03.10)

The term "liar" is unparliamentary, and any member who uses it to describe another member will be called to order, 21142 (10.03.10)

The Chair clarified whether a member was taking a point of order or asking a Minister to withdraw a comment, 22445 (12.05.10)

If members wish to make such comments, they should do so by way of substantive motion, 24391 (22.06.10)

Expressions withdrawn or required to be withdrawn

"... whingers like Mr Ian Cohen ...", 21257 (11.03.10)

"... during most of his years in this place Mr Ian Cohen has been more concerned about winding down the activities of the forest industry ...", 22445 (12.05.10)

Not upheld

The member with the call was saying why he felt the matter should not be debated today, and that was the whole point of seeking urgency, 22435 (12.05.10)

THE PRESIDENT (THE HON. AMANDA FAZIO) (*continued*)**Points of order** (*continued*)**Not upheld** (*continued*)

The question did not refer to the Minister being "ignorant", 23317 (01.06.10)

A member took a point of order claiming that the question contained argument. The point of order was not upheld, 24191 (10.06.10)

The Chair reminded the member who took the point of order that the Chair had advised the member with the call that he should speak to the matter of urgency but he was not precluded from referring to parts of the motion, 24557 (23.06.10)

Upheld

A supplementary question must seek elucidation, 21264 (11.03.10), 23815 (08.06.10), 23816 (08.06.10)

A member should direct her remarks as to why a matter was more urgent than other items on the *Notice Paper*, 21273 (11.03.10), 24554 (23.06.10), 24555 (23.06.10), the Chair reminded members that at this stage of the debate the House was only considering whether the matter was more urgent than other items on the *Notice Paper*, 22436 (12.05.10), 23303 (01.06.10), 23304 (01.06.10), 24399 (22.06.10), 24400 (22.06.10),

Members should not make imputations against other members, 20702 (23.02.10), 21439 (16.03.10), 21440 (16.03.10)

A member took a rarely enforced point of order about continued irrelevance and tedious repetition. The Chair did not uphold the point of order, 22329 (11.05.10)

Members who want to make reflections on or imputations about other members must do so by way of substantive motion, 22993 (19.05.10), 23639 (03.06.10)

The question was not a supplementary question as required by the standing orders, 23637 (03.06.10)

A question was ruled out of order because it contained argument, 23642 (03.06.10), 23968 (09.06.10)

A Minister should continue to be generally relevant in answering the question, 23961 (09.06.10)

THE PRESIDENT (THE HON. AMANDA FAZIO) (*continued*)**Points of order** (*continued*)**Upheld** (*continued*)

A member was talking to the substantive matter, 24188 (10.06.10)

The Chair did not uphold a point of order in relation to relevance and debating the question, 24713 (24.06.10)

Procedure

The Chair reminded members that at this stage of the debate the House was only considering whether the matter was more urgent than other items on the *Notice Paper*, 20928 (25.02.10), 21272 (11.03.10), 22436 (12.05.10), 22629 (13.05.10), 23303 (01.06.10), 23304 (01.06.10), 24399 (22.06.10), 24400 (22.06.10), and not the substantive motion, 22629 (13.05.10), the member with the call should talk about urgency, 23168 (20.05.10), 23170 (20.05.10), 23327 (01.06.10), 23329 (01.06.10), 23462 (02.06.10), 24401 (22.06.10), 24554 (23.06.10), 24555 (23.06.10), 24557 (23.06.10), 24710 (24.06.10), however, in doing so he is not precluded from speaking about parts of the motion, 24557 (23.06.10)

The member with the call was speaking about why she considered the matter to be more urgent than other items on the *Notice Paper*, 21272 (11.03.10), 21274 (11.03.10)

There were two matters to be considered. The first was the general issue of calls for papers, which the member with the call was addressing, and the second was about the specifics of the call for papers as contained in the Private Members' Business item before the House, 21547 (17.03.10)

The member with the call was saying why he felt the matter should not be debated today, and that was the whole point of seeking urgency, 22435 (12.05.10)

The member put his argument in the form of a speech against urgency than as a point of order, 23327 (01.06.10)

Questions

The Chair ruled that the terms "impartial" and "unprejudiced mind" could be construed as being argumentative. Consequently, with those two terms excluded the question was in order and the Minister could answer it, 21136 (10.03.10)

THE PRESIDENT (THE HON. AMANDA FAZIO) (*continued*)**Questions** (*continued*)

The time for the Treasurer to answer the question had expired. However, at the commencement of his answer the Treasurer said that he would refer the specifics of the question to the Minister responsible, 21649 (18.03.10)

The question was not asking for a statement of policy; it was asking for an undertaking from the Minister, 23162 (20.05.10)

The question did not say that the Minister was ignorant; it asserted that the Minister was ignorant of an issue. They are different matters entirely. The Minister may answer the question if he has heard enough of it, 23317 (01.06.10)

A question was ruled out of order because it contained argument, 23642 (03.06.10), 23968 (09.06.10), 24378 (22.06.10)

The question contained mainly background information for the Minister. The Chair allowed the question. However, as the member's time to ask her question had expired, the Minister would have to answer the question on the basis of what had been asked, 23646 (03.06.10)

Elements of the question contained argument. However, if the member removed them, the question would be in order. The Minister could answer the question if he wished to do so, 23963 (09.06.10)

A member was talking to the substantive matter, 24188 (10.06.10)

A member took a point of order claiming that the question contained argument. The point of order was not upheld, 24191 (10.06.10)

Supplementary questions

A supplementary question was ruled out of order, 21259 (11.03.10), the second part of a supplementary question was ruled out of order 21639 (18.03.10), because it was a new question, not a supplementary question, 23160 (20.05.10)

The question was not a supplementary question as required by the standing orders, 23637 (03.06.10)

Minister's latitude

A Minister's answer was generally relevant to the question asked, 20780 (24.02.10), a Minister should continue to be generally relevant in answering the question, 21138 (10.03.10), 21139 (10.03.10), 21140 (10.03.10), 21431 (16.03.10), 21649 (18.03.10), 22284 (11.05.10), 22651 (13.05.10), 22820 (18.05.10), 22934 (19.05.10), 23157 (20.05.10), 23637 (03.06.10), 23958 (09.06.10), 23960 (09.06.10), 23961 (09.06.10), 24192 (10.06.10), 24371 (22.06.10), 24373 (22.06.10), 24713 (24.06.10), a Minister was being generally relevant, which is that the Chair asked him to be in answering the question, 23961 (09.06.10), the Minister was asked to answer the question in a relevant manner, 24373 (22.06.10), 24720 (24.06.10),

The member with the call was asked to continue to be generally relevant, 20924 (25.02.10)

The member with the call was being generally relevant; she was speaking to her reasons for opposing the motion moved by the member, 20926 (25.02.10)

A member was asked to confine his remarks to the bill and to refrain from responding to interjections, 22510 (12.05.10)

The Chair brought to the attention of members the issue of the republication of extracts from *Hansard* by members for themselves or for distribution to third parties, and the rebroadcasting of video or audio footage of the proceedings of Parliament or provision of such footage to third parties. Members should be aware that while absolute privilege attaches to the publication of parliamentary proceedings in *Hansard* and on the Parliament's website, any subsequent republication or rebroadcasting by members

THE PRESIDENT (THE HON. AMANDA FAZIO) (*continued*)**Republication and rebroadcasting of parliamentary proceedings** (*continued*)

or others is not afforded the same protection. Consequently, any person who publishes excerpts from *Hansard* or official footage may be exposed to legal liability if the material is defamatory. However, it may be protected under the defences to the publication of defamatory material under the common law and under the Defamation Act 2005. Those defences include the defence of justification, the defence of qualified privilege and the defence of fair report. In relation to the conditions that are set out in the briefing note for the republication or rebroadcasting of parliamentary proceedings under the Parliament's webcast conditions of access and copyright notice, the Chair advised members that the conditions are aimed at ensuring, to the greatest extent possible, that any republication or rebroadcast of parliamentary proceedings is considered to be fair and undertaken in good faith, 21632 (18.03.10)

Use of props

Previous Presidents have ruled that the use of props by members is inappropriate. The Chair reminded members that the standing orders do not permit the use of props. The Chair expected all members to take note of the ruling, 20908 (25.02.10)

Offensive and objectionable remarks, imputations and aspersions

The term "bovver boy" should not be directed at either the Minister or the Government Whip, 23193 (20.05.10)

The Chair is required to rule on points of order. The Chair was not able to hear a lot of the member's contribution. The Chair upheld the point of order in relation to attacks and imputations on members, 24741 (24.06.10)

Interjections

A member was asked to resume his remarks, 23980 (09.06.10), the Chair would consider stopping the clock if members did not stop interjecting, 23980 (09.06.10), it is appropriate that the clock be stopped if the debate appears to be being derailed by unnecessary interjections. The Chair had no intention of doing so at the moment. However, the Chair advised members that the clock would be stopped if the Chair believed it appropriate to do so, 23980 (09.06.10)

Bills

The procedure to be followed is that the Chair asks whether leave is given to proceed to the third reading forthwith. If leave is granted, then the member can move the third reading. The Chair restated the question, 26510 (21.10.10)

THE PRESIDENT (THE HON. AMANDA FAZIO) (*continued*)

Casting vote

The Chair voted with the noes and declared the question resolved in the negative on the question that standing orders be suspended to allow a motion to be moved forthwith relating to the Energy Services Corporations Ownership (Parliamentary Powers) Bill 2008, 26534 (21.10.10)

Divisions

A member was too late in saying "The noes have it" as the question had been put and passed, 28832 (02.12.10)

Members who are outside the Chamber cannot participate in the vote. The only voice for the noes was that of a member who was not in the Chamber and is therefore not in order. Therefore, the question was resolved in the affirmative, 27844 (23.11.10)

Employment of members' staff

The Chair made a statement in relation to the employment of members' staff and advised that the Speaker in the other place has tabled a draft exposure bill entitled Parliamentary Members' Staff Bill 2010. The Speaker wishes to give all stakeholders in this issue an opportunity for comment and consultation. The bill would allow members to make a decision to employ and dismiss their own staff. The Chair outlined the current instrument of delegation to employ staff and the provisions contained in the bill, 28803 (02.12.10)

Interjections, interruptions and disorder

Conversation

Members should not engage in conversation across the table while the Minister is answering a question, 25098 (02.09.10)

Members who wish to engage in conversation should do so outside the Chamber, 25353 (08.09.10), 25818 (22.09.10)

THE PRESIDENT (THE HON. AMANDA FAZIO) (*continued*)**Interjections, interruptions and disorder** (*continued*)**Interjections**

One would think that the matter would be of interest to the member and that, therefore, he would want to hear the contribution of the member with the call, 25110 (02.09.10)

Only one member had the call. Opposition members were asked to cease interjecting and Government members were asked to cease responding, 25232 (07.09.10)

The Chair reminded a member not to interject, 25351 (08.09.10), there were too many interjections, 25959 (23.09.10), the Chair would place members on a call if they continued to interject, 26502 (21.10.10), 26503 (21.10.10), 27255 (09.11.10), 28262 (25.11.10), the Chair placed a member on a call to order for continual interjections, 26689 (26.10.10)

The Chair will not tolerate interjections and arguments across the Chamber when the Minister has the call, 25351 (08.09.10)

The Chair will not invite further questions until there is silence, and no sound effects, in the Chamber, 25351 (08.09.10)

The Chair reminded members that interjections are disorderly at all times, including those made by Government members, 26687 (26.10.10), particularly distasteful interjections, 27995 (24.11.10)

The Chair reminded members that interjections are disorderly at all times. Members who continued to interject would be removed from the Chamber. Any member called to order three times would be escorted from the Chamber, 27419 (10.11.10)

The Chair reminded members that interjections are disorderly at all times. If members are having problems hearing questions, the Chair suggested it was because they were too busy interjecting, 27425 (10.11.10)

If members who are interjecting wish to contribute to the debate, they should seek the call at the appropriate time, 26741 (26.10.10)

There had been few interjections thus far in the debate, and it would be inappropriate if their incidence were to increase at this time, 26762 (26.10.10)

THE PRESIDENT (THE HON. AMANDA FAZIO) (*continued*)**Interjections, interruptions and disorder** (*continued*)**Interjections** (*continued*)

Members should not interject and the member with the call should refrain from responding to them, 26931 (27.10.10)

While interjections may be entertaining, they are disorderly and must cease, 27069 (28.10.10)

The Chair was having difficulty hearing the Minister because of the level of noise in the Chamber, 27254 (09.11.10)

Debate will proceed in an orderly fashion. Members will cease interjecting, 27475 (10.11.10)

Members should take care in relation to the manner in which they make interjections, lest they be misinterpreted, 27829 (23.11.10)

The level of interjection was unacceptable and, if it did not improve, the Chair would have no hesitation in calling members to order, 27830 (23.11.10)

The member with the call was asked to ignore interjections, which are disorderly at all times, 28091 (24.11.10), 28092 (24.11.10), 28264 (25.11.10)

Members giving notices of motions must not respond to interjections, 28626 (01.12.10)

Interruptions

The Chair would not hesitate to call members to order if they continued to interject, 24848 (31.08.10)

Members did not interrupt the previous member with the call. The Chair asked members to extend the same courtesy to the member with the call, 26288 (20.10.10)

Order and decorum

The Chair reminded Opposition members that some among them were already on a call to order, 24855 (31.08.10)

The Chair reminded the Minister that when he is answering a question he should not make reflections on the ability of the Chair to control behaviour within the House, 25815 (22.09.10)

31 August 2010 to 3 December 2010

THE PRESIDENT (THE HON. AMANDA FAZIO) *(continued)***Interjections, interruptions and disorder** *(continued)***Order and decorum** *(continued)*

Members were asked to behave slightly better than they were as they were setting a bad example for people in the President's gallery, 26359 (20.10.10)

The Chair reminded members that they should not converse with people in the public gallery, 26888 (27.10.10)

Members should address their comments through the Chair and not have conversations across the Chamber, 27238 (09.11.10)

Members will not conduct a debate across the Chamber, 27658 (11.11.10)

A member would be called to order if he continued to behave in such a manner, 27995 (24.11.10)

Points of order

The Chair clarified whether a member's point of order related to relevance, 25097 (02.09.10), 25700 (21.09.10)

Members who attempt to make debating points under the guise of taking a point of order will be placed on a call to order, 25100 (02.09.10), 25355 (08.09.10), 28085 (24.11.10), 28258 (25.11.10)

A member was making a debating point, not taking a point of order, 26144 (19.10.10), 27063 (28.10.10), 27072 (28.10.10), a member would be called to order if he attempted to make a debating point under the guise of a point of order, 27072 (28.10.10)

A point of order cannot be taken to cover the claim of gross misrepresentation, 26289 (20.10.10)

The Chair clarified whether a member wished to take a point of order, 26296 (20.10.10), whether a member was making a contribution to the point of order, 27418 (10.11.10),

Members who wish to take a point of order must wait until they are given the call before they speak, 26359 (20.10.10)

As a member had finished his contribution, a member does not need to speak to the point of order, 26503 (21.10.10)

THE PRESIDENT (THE HON. AMANDA FAZIO) *(continued)***Interjections, interruptions and disorder** *(continued)***Points of order** *(continued)*

A member was asked to state her point of order, 26503 (21.10.10)

While that may be an interesting comment, it is not a point of order. The Chair reminded members that they would be placed on a call to order if they attempted to make similar comments under the guise of a point of order, 26515 (21.10.10)

There will be no discussion across the Chamber while the Chair is attempting to rule on the point of order, 27065 (28.10.10)

A member cannot take a point of order in relation to an interjection, 27419 (10.11.10)

Members who want to contribute to debate on the point of order should seek the call, not call out from their seats on the backbenches, 27422 (10.11.10)

There should be no argument among members during the taking of points of order, 27645 (11.11.10)

Internet filtering

The Chair reminded members about the Internet filtering policy for members and their staff. The policy outlines the responsibilities and obligations of members and their staff with regard to the use of the Internet using the parliamentary computer network, 25212 (07.09.10)

The Chair reminded members of an earlier statement in relation to the Parliament's Internet filtering policy. The Chair advised that Ernst and Young had been engaged to review the Parliament's Internet filtering system and related issues as there were questions regarding the veracity of the data that had been produced in a report concerning Internet usage. Ernst and Young had furnished its report in relation to the matter. The Chair outlined the findings of the report and tabled the report, 28798 (02.12.10)

Members

A member took a point of clarification. It was the member's understanding that Ms Sylvia Hale

THE PRESIDENT (THE HON. AMANDA FAZIO) (*continued*)**Members** (*continued*)

was not referred to as "Honourable"; she preferred to be called Ms Sylvia Hale. The Chair informed the member that the formal title that applies to members in the Legislative Council is "Honourable". Members may choose not to use that title. However, in the records of the House members are formally referred to as "the Honourable", 25239 (07.09.10)

Mobile phones

The Chair called a member to order and reminded him to set his mobile phone on silent, 25094 (02.09.10), 25345 (08.09.10), 26135 (19.10.10), 26284 (20.10.10), 26508 (21.10.10), 27065 (28.10.10), 28258 (25.11.10), 28639 (01.12.10)

The Chair reminded members that they should set their mobile phones to silent mode whilst they were in the Chamber. The Chair asked the member whose mobile phone had just sounded to identify himself or herself. It is very immature of the member not to admit to having had his or her phone turned on in the Chamber during question time, 25348 (08.09.10)

The Chair asked the owner of the mobile phone that was ringing to set it on silent mode, 27252 (09.11.10)

The Chair reminded members that whilst in the Chamber they should not use mobile phones to take or receive calls. Members who continue to do so will be placed on a call to order, 27415 (10.11.10)

The Chair ruled that the taking of photographs in the Chamber with a mobile phone is a prohibited activity, 27415 (10.11.10)

Notices of motions

There will be no discussion during the giving of notices of motions, 25214 (07.09.10)

Offensive and objectionable remarks, imputations and aspersions

A member asked that comments made by the Minister be withdrawn, and the Chair asked the Minister to withdraw them, 27829 (23.11.10)

THE PRESIDENT (THE HON. AMANDA FAZIO) (*continued*)**Offensive and objectionable remarks, imputations and aspersions** (*continued*)

It was not appropriate for the Leader of the Opposition to ask that the comment be withdrawn. That is outside the standing orders. However, a member cannot make a reflection on another member unless by way of substantive motion. It is unparliamentary for a member to call another member a "liar", but it is not unparliamentary for a member to refer to "lies", 28255 (25.11.10)

The Chair upheld the point of order that "lies" was unparliamentary. However, the Chair ruled that the term "smear" is not unparliamentary, 28256 (25.11.10)

A member took offence to the comments of the Treasurer. The Chair asked the Treasurer to withdraw them, 28260 (25.11.10)

Expressions withdrawn or required to be withdrawn

Points of order

Not involved 24942 (01.09.10), 24950 (01.09.10), 25100 (02.09.10), 25101 (02.09.10), 26359 (20.10.10), 27477 (10.11.10), 27643 (11.11.10), 27996 (24.11.10), 28638 (01.12.10)

Not upheld

A member asked a supplementary question before he left the Chamber, 27837 (23.11.10), the Chair accepted the supplementary question and the Minister was answering it. Therefore, the Chair did not uphold the point of order, 27838 (23.11.10)

Upheld

The Chair upheld a point of order in relation to relevance, 25355 (08.09.10)

The Chair reminded the Minister that when he is answering a question he should not make reflections on the ability of the Chair to control behaviour within the House, 25815 (22.09.10)

31 August 2010 to 3 December 2010

THE PRESIDENT (THE HON. AMANDA FAZIO) (*continued*)**Points of order** (*continued*)**Upheld** (*continued*)

A question was ruled out of order because it contained argument, 26140 (19.10.10), 26692 (26.10.10)

A supplementary question was ruled out of order as it was a new question, 26293 (20.10.10)

A question was ruled out of order because it did not relate to the public affairs with which the Minister is officially connected, 26296 (20.10.10)

The Minister was debating the question. The Minister should answer the question, 26300 (20.10.10)

The Chair reminded members that at this stage of the debate the House was only considering whether the matter was more urgent than other items on the *Notice Paper*, 26502 (21.10.10), 26533 (21.10.10)

The member with the call was launching into abuse; his comments did not relate to urgency, 26503 (21.10.10)

A member must confine his comments to why he believes the motion is not urgent, 26533 (21.10.10), 26534 (21.10.10) not about the characteristics of the motion for urgency, 26533 (21.10.10)

A member should confine his remarks to the leave of the bill, 28085 (24.11.10)

The Chair upheld the point of order that "lies" was unparliamentary. However, the Chair ruled that the term "smear" is not unparliamentary, 28256 (25.11.10)

Procedure

The Chair reminded members that at this stage of the debate the House was only considering whether the matter was more urgent than other items on the *Notice Paper*, 24941 (01.09.10), 26501 (21.10.10), 26502 (21.10.10), 26503 (21.10.10), 26533 (21.10.10), 27415 (10.11.10), comments about the person with carriage of a policy matter may have some relevance in debate on the substantive motion, 26533 (21.10.10)

A member may refer to specific items in her motion in order to justify the argument for urgency, 24942 (01.09.10)

THE PRESIDENT (THE HON. AMANDA FAZIO) (*continued*)**Procedure** (*continued*)

The member was speaking to the substantive motion. If the member confined his remarks to why the matter is more urgent than other matters on the *Notice Paper* he would be completely in order, 26502 (21.10.10)

The member with the call was launching into abuse; his comments did not relate to urgency, 26503 (21.10.10)

A member must confine his/her comments to why he/she believes the motion is not urgent, 26503 (21.10.10), 26533 (21.10.10), 26534 (21.10.10), not about the characteristics of the motion for urgency, 26533 (21.10.10)

So long as a member is speaking about why he believes the matter is or is not urgent his comments are in order, 26504 (21.10.10)

The member should address urgency, 26504 (21.10.10)

The procedure to be followed is that the Chair asks whether leave is given to proceed to the third reading forthwith. If leave is granted, then the member can move the third reading. The Chair restated the question, 26510 (21.10.10)

Questions without notice

There is an order to be followed for the asking of questions. The Opposition missed an opportunity to ask a question earlier; for that reason it is now being given the opportunity to ask a question, 24955 (01.09.10)

The Chair reviewed the question and allowed it. The Minister may answer the question, 25100 (02.09.10)

A question was ruled out of order because it contained argument, 26140 (19.10.10), 26692 (26.10.10), because it did not relate to the public affairs with which the Minister is officially connected, 26296 (20.10.10), because it sought an opinion, 27418 (10.11.10)

The Minister was debating the question. The Minister should answer the question, 26300 (20.10.10)

Although there was a flippant reference in the question to the Minister's correct title, the content of the question is in order, 27065 (28.10.10)

THE PRESIDENT (THE HON. AMANDA FAZIO) (*continued*)**Questions without notice** (*continued*)

The Chair asked to see a copy of the question, 27417 (10.11.10),

A question was ruled in order, 27422 (10.11.10), 27423 (10.11.10), 28258 (25.11.10)

The Chair allowed the question, 28809 (02.12.10), 27995 (24.11.10)

The Government Whip attempted to take a point of order when a member was asking his question. The member failed to take his seat after being directed to do so. The Attorney General may answer the question if he chooses to, 28810 (02.12.10)

Supplementary questions

The Chair allowed the supplementary question. The Minister may answer it, 24849 (31.08.10)

The answer of the Minister precludes the member from asking a supplementary question. A supplementary question can only seek to gather further information based on the answer given by the Minister, 24849 (31.08.10), the answer indicates that there is no scope for further information, 24849 (31.08.10)

Members cannot seek to ask a supplementary question seeking elucidation of a one-word answer, 24954 (01.09.10), The Chair would not allow a supplementary question that seeks to elucidate a one-word answer, 24954 (01.09.10)

A member could not ask a supplementary question; he did not ask the original question, 24959 (01.09.10), supplementary questions can be asked only by the member who asked the original question, 27072 (28.10.10)

A member could not ask a supplementary question about the Treasurer's previous answer, 26291 (20.10.10)

A supplementary question was ruled out of order as it was a new question, 26293 (20.10.10)

The Chair ruled a supplementary question out of order and in doing so referred to rulings for former Presidents that when a formal answer is given such as, "I will refer it to another Minister" or in the form of the answer just given by the Minister, supplementary questions are not in order, 27067 (28.10.10)

THE PRESIDENT (THE HON. AMANDA FAZIO) (*continued*)**Questions without notice** (*continued*)**Supplementary questions** (*continued*)

The Chair clarified whether a member was seeking the call to ask a supplementary question, 27071 (28.10.10)

A member asked a supplementary question before he left the Chamber, 27837 (23.11.10), the Chair accepted the supplementary question and the Minister was answering it. Therefore, the Chair did not uphold the point of order, 27838 (23.11.10)

Previous Presidents have ruled that when a Minister's response to a question is along the lines of "I refer to my previous answer", there is no provision for a supplementary question, 28635 (01.12.10), the Chair allowed the member to ask a supplementary question, 28635 (01.12.10)

Minister's latitude

A Minister should continue to be generally relevant in answering the question, 24848 (31.08.10), 25101 (02.09.10), 25354 (08.09.10), 25355 (08.09.10), 25701 (21.09.10), 25809 (22.09.10), 26511 (21.10.10), 26522 (21.10.10), 26687 (26.10.10), 27063 (28.10.10), 27072 (28.10.10), 27420 (10.11.10), 27643 (11.11.10), 28256 (25.11.10), 28638 (01.12.10)

The Minister had concluded his answer, which was generally relevant, 25097 (02.09.10)

A Minister was not debating the question; consequently, he may continue to be generally relevant in his answer, 27645 (11.11.10)

The Chair did not need advice from the backbench. The question asked by the member related to criminal offences. Accordingly, that part of the Minister's response was in order. However, the Minister should be aware of the sub judice provisions while continuing to be generally relevant, 27653 (11.11.10)

The Treasurer was debating the questioner. However, the Treasurer may continue to be generally relevant in his answer, 27832 (23.11.10)

Relevance

A member should confine his remarks to the leave of the bill, 28085 (24.11.10)

31 August 2010 to 3 December 2010

THE PRESIDENT (THE HON. AMANDA FAZIO) *(continued)***Use of props**

There was no need for a member to take a point of order. The Chair had advised members previously that the use of props is unparliamentary. The Chair reminded members that they should not use props in question time. The Chair directed the Treasurer to place the photograph face down on the table, 24950 (01.09.10)

There was no point of order. The Chair reminded the member that props were being used by a number of members at the time. The Chair took the opportunity to remind all members that they should not use props, 24950 (01.09.10)

The Chair reminded a member that the use of props was not permitted in the Chamber, 25347 (08.09.10)

The Chair asked a member to identify what he was holding up. It is perfectly legitimate for a member to refer to a newspaper article, but it is not appropriate for him to display it, 25952 (23.09.10)

The Treasurer was asked to put the cartoons away, 26143 (19.10.10)

A member was asked to cease displaying a poster in the Chamber. The Chair directed the Attendants to remove it, 28817 (02.12.10)

THE DEPUTY-PRESIDENT AND CHAIR OF COMMITTEES (THE HON. KAYEE GRIFFIN)**Amendments**

The Chair reminded a member that an amendment is out of order if it is vague, trifling or tendered in a spirit of mockery, 26361 (20.10.10), the Chair advised members of the Chair's concerns with regard to the Liberal Party amendments. The Chair proposed to allow them to be moved to enable members to speak to them. The Chair would then put the question with respect to them and it would be a matter for the Committee to decide how they are dealt with, 26361 (20.10.10)

As there were no further speakers in relation to an amendment, the Chair asked a member to speak in reply to the original amendment, 26537 (21.10.10)

THE DEPUTY-PRESIDENT AND CHAIR OF COMMITTEES (THE HON. KAYEE GRIFFIN) *(continued)***Amendments** *(continued)*

The Chair asked a member to clarify his amendment, 27506 (10.11.10)

The Chair reminded members that they should confine their remarks to consideration of the Legislative Assembly's amendment to the Legislative Council's amendment, 25561 (09.09.10)

The Chair would seek advice on the Opposition's amendments, 26683 (26.10.10)

Debate

The Chair directed that the clock not be started for the adjournment debate until a member had concluded his inaugural speech. The Chair asked members to extend to the member the usual courtesies given to members making an inaugural speech, 24982 (01.09.10)

The debate was extremely serious [Adoption Amendment (Same Sex Couples) Bill 2010 (No. 2)] and the Chair cautioned members not to get involved in personalities when considering amendments. A member had raised concern about comments of another member. Members should bear in mind the serious issues involved and the implications that will arise depending on whether amendments are agree to, 25372 (08.09.10)

The Chair reminded members of the earlier ruling. It was not a debate in which members should argue personalities. Amendments were being moved by members who had serious concerns about the proposed legislation. Members should be mindful of the tone of their remarks, 25372 (08.09.10)

Members should treat each other with civility and with respect even when they are addressing a point of view put by another member with which they do not agree, 27469 (10.11.10)

For the most part the debate had been orderly and conducted in good spirit, and the Chair hoped it would continue in that vein. Regardless of their point of view on any particular issue members should show respect to the member with the call by listening to his contribution in silence, 27684 (11.11.10)

**THE DEPUTY-PRESIDENT AND CHAIR OF
COMMITTEES (THE HON. KAYEE
GRIFFIN) (continued)****Documents**

The standing orders do not provide for the tabling of a document in Committee, which, if it were permissible, would be for the information of members during Committee consideration only. However, the Chair reminded the member that she may seek leave to table the document during debate on the third reading of the bill, 25376 (08.09.10), if the member wishes the document to be part of the public record, it must be tabled, 25376 (08.09.10)

Interjections, interruptions and disorder***Conversation***

If the level of audible conversation was not reduced, the Chair would have no hesitation in calling members to order, 28445 (30.11.10)

Interjections

The Chair reminded all members of the importance of the matter and that members with the call should be heard in silence. It is frustrating for the Chair when contributions cannot be heard because of interjections from other members. The view of members on this important matter should be heard without interruption, 25116 (02.09.10)

Members who continued to interject would be called to order, 25527 (09.09.10), 28059 (24.11.10), 28445 (30.11.10), 28447 (30.11.10), if a member said one more word she would be called to order, 28455 (30.11.10),

Members could not hear the contribution of the member with the call, and that was unacceptable, 25530 (09.09.10)

The level of interjection was making it increasingly difficult for the Chair to hear the contribution of the member with the call, 26541 (21.10.10)

Members should show respect to the member with the call and listen to his contribution in silence, 27465 (10.11.10), not interrupt the member, 27474 (10.11.10)

The Chair assured the member with the call that she could hear his contribution, 27884 (23.11.10)

**THE DEPUTY-PRESIDENT AND CHAIR OF
COMMITTEES (THE HON. KAYEE
GRIFFIN) (continued)****Interjections, interruptions and disorder (continued)*****Interjections (continued)***

Interjections are disorderly at all times, 28058 (24.11.10), 28060 (24.11.10)

The member with the call should ignore interjections. By responding he is inviting further interjections, 28060 (24.11.10)

It was extremely difficult for the Chair to hear argument on the points of order, questions asked by members and the responses of Minister to those questions because of the level of interjection, 28447 (30.11.10)

Order and decorum

The Chair did not hear the Parliamentary Secretary because of the noise emanating from the gallery. The Parliamentary Secretary was asked to move his motion, 26304 (20.10.10)

Members will direct their comments through the Chair, 28058 (24.11.10)

Points of order

The Chair clarified whether a member was speaking to the point of order, 25371 (08.09.10)

The member will state his point of order, not debate it, 26543 (21.10.10), 28447 (30.11.10)

Questions without notice

The Chair could not hear the question because of all the background noise, 25517 (09.09.10), the member asked his question again and the clock was restarted, 25517 (09.09.10)

The Chair found it interesting that a member took a point of order given he was quite vocal earlier in the debate, 27474 (10.11.10)

**Offensive and objectionable remarks, imputations
and aspersions**

The Deputy Leader of the Opposition asked for comments to be withdrawn. The Chair thought that would be the appropriate course of action. The Chair reminded the member with the call that he was referring to a member who was not present in the Chamber, 26337 (20.10.10), the Chair would not enter into an argument with the member, 26337 (20.10.10)

31 August 2010 to 3 December 2010

THE DEPUTY-PRESIDENT AND CHAIR OF COMMITTEES (THE HON. KAYEE GRIFFIN) (continued)**Offensive and objectionable remarks, imputations and aspersions (continued)**

The Chair again asked the member with the call to withdraw the comment referred to. Thus far, debate on this important legislation had been respectful and conducted in good spirit. The Chair asked that it continue in that way. If the member with the call feels the need to make such comments about another member, the Chair reminded him that he could do so only by way of substantive motion, 26337 (20.10.10)

A member used the expression "Happy as a pig." When exception is taken to such an expression being directed at other members, it is not unusual that a request is made that the member with the call temper his or her language. Accordingly, the Chair upheld the point of order and asked the member to choose his words more carefully in future if he wishes to direct similar comments at another member, 27468 (10.11.10)

The Chair would not permit a discussion across the Chamber about a matter on which the Chair had just ruled. Members should treat each other with civility and with respect even when they are addressing a point of view put by another member with which they do not agree, 27469 (10.11.10)

Expressions withdrawn or required to be withdrawn

"I do not believe the amendment is genuine," 25371 (08.09.10) [*comment made*], 25372 (08.09.10) [*comment withdrawn*]

THE DEPUTY-PRESIDENT AND CHAIR OF COMMITTEES (THE HON. KAYEE GRIFFIN) (continued)**Questions without notice**

Having been given a copy of the question and read it, the Chair allowed it, 25517 (09.09.10)

The Chair noted that a member was no longer talking about the amendment. The Chair clarified whether a member was talking about the timing, 28459 (30.11.10), given that the member agrees with the Attorney General that it is not in order to argue the original amendment, he may continue. However, he was reminded that he must debate the issue of timing, 28459 (30.11.10)

THE SPEAKER (THE HON. RICHARD TORBAY) *(continued)***Debate** *(continued)*

for debate. However, there are other forms of the House available where those matters can be debated and the record can be corrected. In the circumstances, the only power the Chair has is to allow the member to seek leave of the House. The member sought leave and it was not granted. The Minister was well within his right, under Standing Order 65, to correct the record regarding a speech that he made. However, members cannot debate the record that has been corrected. However, other forms of the House are available to members, 20890 (24.02.10).

As the Chair understood the advice received from the Clerk, it was a matter for the Chair. Standing Order 65 allows a Minister or a member to correct the record. However, another member may not debate the matter. Other forms of the House are available to the member. While the Chair understood the concerns of the member, the standing orders are clear on the matter. A member can seek leave to speak, but if it is not granted to Chair has no discretion beyond that point, 20890 (24.02.10)

The Chair had considered the matter raised by a member regarding the clarifying statement made by a Minister at the previous day's sitting. The Chair was of the view that no matter of privilege was involved. The Minister made a statement incorrectly under the auspices of Standing Order 65. The Minister was not explaining a matter in a speech that he had previously made; rather, he was referring to an answer he had given to a question asked during question time the previous day. Accordingly, the correct procedure would have been for the Minister to provide additional information to the House in accordance with Standing Order 131 (5). The Minister should have done so with the leave of the House. The Opposition raised concern about not being able to respond to the Minister's statement. There is no provision under Standing Order 65 for the Opposition to respond, except with the leave of the House or through the suspension of standing orders. It is regrettable that there was some confusion during these proceedings. In future the Chair will insist that all members comply with the provisions of the standing orders, 21003 (25.02.10)

23 February 2010 to 24 June 2010

THE SPEAKER (THE HON. RICHARD TORBAY) (*continued*)**Debate** (*continued*)

The Chair encouraged the Minister not to respond to interjections, 23717 (03.06.10)

The Chair reminded the member with the call of the sensitivities of attacking other members, 20862 (24.02.10)

A member conceded that his remark was out of order, 20863 (24.02.10)

A member took a point of order asking a Minister to withdraw a comment. The Chair put that to the Minister. The Minister chose not to withdraw, 21349 (11.03.10), if members took offence at the comment, they may make a personal explanation at the conclusion of question time, 21349 (11.03.10)

Members appreciated that a lot was going on at the time. The Chair undertook to look into the matter and to make a ruling later, 21350 (11.03.10)

The Minister had withdrawn his remark. The Chair had indicated that the Chair would look at the matter and report back to the House, 21350 (11.03.10)

The Chair had asked the Minister whether he wished to withdraw his comment. Such responses are up to the member who made the comment. The Minister did not withdraw the comment, 21355 (11.03.10)

THE SPEAKER (THE HON. RICHARD TORBAY) (*continued*)**Offensive and objectionable remarks, imputations and aspersions** (*continued*)

The Chair sought to clarify events that took place the previous Thursday during and immediately after question time. During an answer to a question, the Minister for Police referred to "the other side of the House" in terms that members of the Opposition found offensive. The Minister chose not to withdraw the remark, as he is entitled to do. Previous Speakers have ruled that expressions which may be unparliamentary when applied to individuals are not always so considered when applied to a whole party. When alleged aspersions are cast upon a group of members the Chair does not have a solution other than to suggest that a notice of motion be given for a substantive motion, which may be debated, 21455 (16.03.10)

In the case of the member for Murray-Darling, who was mentioned by the Minister specifically, the Chair suggested that the member had a case to argue that he had been misrepresented by the Minister and he could make a personal explanation at the conclusion of question time, which he did. That did not mean that every Opposition member, not so referred to, could assert a similar right to make a personal explanation as this would in effect be debating the matter, which is not permitted under the standing orders. However, in view of the general disquiet on the Opposition side, the Chair agreed, on this occasion, to give leave for personal explanations to be made by Opposition office holders. This offer was taken up, 21455 (16.03.10).

The member for Terrigal also raised the operation of Standing Order 73 and asserted that the Chair had authority under the standing order to direct the withdrawal of an alleged personal reflection on a member of the other place. Standing Order 74 states that the Chair may intervene to call a member to order for using disorderly words but there is no power in the Chair to order the withdrawal of those words, 21455 (16.03.10) With the intention of the sittings this week proceeding with a better level of decorum than was evident towards the end of the previous week, the Chair invited the Minister for Police to reconsider the approach he took the previous week on the issue raised, 21456 (16.03.10)

23 February 2010 to 24 June 2010

THE SPEAKER (THE HON. RICHARD TORBAY) (*continued*)

Offensive and objectionable remarks, imputations and aspersions (*continued*)

In light of the concerns that the Chair expressed, the Minister withdrew the statement, 21456 (16.03.10)

If a member believes an offensive remark has been made, he is entitled to ask for it to be withdrawn. The Chair asked the Premier whether she wanted to withdraw her statement. She did not withdraw, 21740 (18.03.10), the Chair had put that to the Premier and she had responded, 21740 (18.03.10)

A member may ask that a comment be withdrawn. The Chair put that to the Minister, 23079 (19.05.10), the Minister advised that he had been responding to interjections, 23079 (19.05.10)

Expressions withdrawn or required to be withdrawn

"Right-wing powerbroker David Clarke has cemented his position as a factional warlord after retaining his upper House seat in a bitter preselection ... he is one of the Liberal Party's most outspoken critics of gay and lesbian rights, 20861 (24.02.10)

"... have been leaked—probably by him ...", 20863 (24.02.10)

"... unlike the police bashers on the other side of the House", 21348 (11.03.10) [*comment made*], 21456 (16.03.10) [*comment withdrawn*]

Personal explanations

A member was asked to state how she had been offended, 21208 (10.03.10); a member had responded to the matter earlier in the day, 21209 (10.03.10)

While the Chair was happy to hear personal explanations, the Chair would not give leave to every member of the Opposition to make a personal explanation on the issue. If there was a collective view on the issue, the Chair would allow other forms of the House to discuss the issue. The Chair would not allow the standing orders to be abused by allowing all members to make the same personal explanation, 21354 (11.03.10)

The Chair clarified whether the Leader of the Opposition was suggesting that all Opposition members be allowed to make a personal explanation, 21354 (11.03.10)

THE SPEAKER (THE HON. RICHARD TORBAY) (*continued*)

Personal explanations (*continued*)

The Chair would not allow members to make a mockery of personal explanations. Other forms of the House were available to members who wished to pursue the issue, 21354 (11.03.10)

The Chair had indicated that the Chair would not allow 35 personal explanations on the same topic. Other forms of the House were available to members who wished to pursue the issue, 21355 (11.03.10)

It was never the intention of the standing orders that every member could express their individual circumstances. That would make a mockery of the standing orders, 21355 (11.03.10)

The Chair allowed a member to seek the call, 21356 (11.03.10)

The Chair would hear no further personal explanations on the issue. The Chair reminded members of the other forms of the House available to them under to standing orders should they wish to pursue the matter, 21356 (11.03.10)

A member was asked to state how he had been personally impugned, 21600 (17.03.10)

The Chair barely heard the comments of the member given the volume of conversation in the Chamber. Another member had made a personal explanation about Opposition policy. The Clerk had advised that members must indicate clearly how their reputation has been impugned. The Chair would hear further from the member with the call, 22365 (11.05.10)

Members cannot use a personal explanation to debate a matter. The ruling applied to members on both sides of the House, 22365 (11.05.10)

On a strict interpretation the statement of the member was not a personal explanation. However, on this occasion the Chair allowed it, 23415 (01.06.10)

The Chair reminded a member that she would have an opportunity to make a personal explanation at the conclusion of question time, 23721 (03.06.10)

The Minister may refer to the graph, but she cannot use it as a prop, 22868 (18.05.10)

Private members' statements

The Chair was concerned that in recent times the scope of private members' statements had strayed beyond the principles that apply to this procedure. The purpose of private members' statements is to provide members with a mechanism to raise matters of particular concern to their electorates. In limited cases, members are able to use private members' statements to touch on issues other than local ones so long as the matter raised affects constituents directly or the member is raising an issue that has been brought to the attention of the member by a constituent, provided the issue is related to the electorate. However, some matters are clearly outside the scope of private members' statements. Private members'

statements cannot be used to attack other members, former members or people outside Parliament. Private members' statements should not be used to continue debates on issues raised during question time, to reflect on answers given, or to continue debate on matters before the House or already concluded. THE SPEAKER (THE HON. RICHARD TORBAY) (*continued*)**Questions** (*continued*)

The question of the member referred specifically to Raymond Terrace police station. While the Chair always extends a degree of latitude, the Chair reminded the Minister of the question before the House, 21598 (17.03.10)
