S

SPEAKER (*continued*) :—

RULINGS OF :—

That he adhered to the ruling he had given last Session on the Parliamentary Elections (Casual Vacancies) Bill, and could not uphold the contention that the Parliamentary Elections (Casual Vacancies) Amendment Bill contravened the Constitution, but he expressed no opinion as to whether the Bill should or should not be reserved for Royal Assent, 80.

That he could not uphold the contention that the Wheat Bill was a temporary measure, and that its duration should have been expressed in accordance with Standing Order No. 249, 108.

That he could not uphold the contention that the Motherhood Endowment Bill was out of order on the ground that Clause 16 proposed to amend the Public Service Act without mention in the Title, 127.

ON MOTIONS FOR ADJOURNMENT UNDER THE 49TH STANDING ORDER :—

In Division—That when a motion had been actually submitted to the House and then ruled out of order, it was not the practice to draw a second motion from the Box without putting the Question to the House, 99, 119.

On Time allowed for placing Notices in the Box, 103.

That the "Urgency" of a matter was decided by five members rising in their places in support of the motion, 103.

That it was competent to discuss a motion respecting "increased charges for periodical or season tickets to women travellers," notwithstanding that a Royal Commission was inquiring into the control and management of the Railways—He was not going to apply the rule in a way that would prevent members from discussing on a motion for adjournment, some specific matter suddenly arising which they might wish to bring before the House, 50.

That the motion, "The completion of the deviation works on the western railway line near George's Plains," had not been submitted in a proper manner, 99.

That he overruled the contention that the motion regarding the establishment of a State Coal-mine on the area reserved by the Crown for that purpose was out of order on the following grounds :—(a) that it was not definite; (b) that it anticipated Debate on an Order of the Day in relation to the State Industries Bill—but he upheld the contention that it would anticipate Debate on a motion on the Notice Paper regarding the establishing of a State Coal-mine, 119.

That the motion relating to the expulsion of Dr. G. S. Thompson from the New South Wales Branch of the B.M.A. could be discussed on the Estimates, and was therefore out of order, 116.

ON POINTS OF ORDER REPORTED FROM COMMITTEE OF THE WHOLE :—

In Reference to "Time" in which Objection must be taken to Chairman's Ruling—That an Honourable Member should have an opportunity of testing the Chairman's Ruling, 94.

On Refusal of Chairman of Committees to receive certain Motions—That under Standing Order No. 330 the Chairman had a discretion and could refuse a motion "That the Chairman leave the Chair" but there was no such Standing Order applicable to the motion "That a clause be postponed," 94.

That he upheld the ruling of the Chairman—That a new clause proposed to be inserted in the "Wheat Marketing Bill" giving "preference of employment" was within the scope of the Bill, 104.

SPECIAL ADJOURNMENT (See "ADJOURNMENT").
