RULINGS:—

Adjournment under 49th Standing Order:—

Motion could not be entertained before Address in Reply had been adopted, 32.

Argument contained in wording of motion:—

Mr. Speaker indicated certain statements involving argument and stated that he would accept the motion provided those statements were omitted, 204.

Correctness of substance of motion:—

It was submitted that the motion was out of order unless the "New Housing Agreement" referred to, had been signed. Mr. Speaker stated that he had suggested earlier that the part of the motion referring to the "New Housing Agreement" might be substantiated, but as that had not been done he suggested the motion be amended by leaving out the words "under the New Housing Agreement", 214.

Debate which might have taken place on Address in Reply:—

A motion before the House, by way of urgency, was in order, as the purpose of the motion was to seek an expression of the opinion of the House, which it was not possible to obtain on the debate on the Address in Reply or upon the Budget Debate, 37.

Question based upon current debate:—

It was submitted that a question asked of a Minister related to a current debate and the subject should be dealt with during the discussion on the Budget. Mr. Speaker stated that he would follow a previous ruling and stated that Standing Order 143 did not apply to questions asked of Ministers, and further, that debate on the Budget and Estimates was not regarded in the same category as debate on a motion or a Bill. Mr. Speaker further stated that in his opinion this Ruling should be extended to apply to the debate on the Supply Bill, 55.
