Questions from Hon. Mark Banasiak MLC

Kamay Ferry Wharves

1. Transcript Page 20: HOWARD COLLINS: "This project was actually part of national parks. It wasn't something that we came up with." Given that this is a National Parks project under the National Parks Kurnell Master Plan, did Minister Haylen consult with the Minister for Environment, Ms Penny Sharpe in making her decision to proceed ?
2. Given the impacts on Threatened Marine Species in the Botany Bay Recreational Fishing Haven and that Fisheries did not support the project, as stated in their submission to the EIS, did Minister Jo Haylen consult with the Minister for Agriculture, Ms Tara Moriarty, when making her decision to proceed ?
3. At Transport Budget Estimates 3rd September 2021 Mr Howard Collins stated that Mr Betts, who was then Secretary for Planning, Industry and Environment, visited the La Perouse LALC. Mr Collins referred to Mr Betts again at Transport Budget Estimates 26th August, 2022. Mr Betts was appointed Secretary of the Commonwealth Department of Infrastructure, Transport, Regional Development, Communications 23rd June 2023. On 7th November 2023 at Transport Budget Estimates Mr Collins stated that "It had a number of Ministers during its tenure and certainly other senior officials from both Federal Government and also State Government." Has there been any communication about this project between Minister Jo Haylen, her office or Mr Collins or other members of the Transport Department with Mr Jim Betts since Mr Betts left the NSW Public Service in 2021.?
4. Was Infrastructure NSW staff or the responsible Minister, Mr Daniel Mookhey, or NSW Treasury consulted regarding the revised Benefit to Cost Ratio (BCR) for this project, as a result of the additional cost of \$13million incurred after the contract awarded 29th July, 2023, and more generally as a result of the project more than doubling from \$34million during the EIS process to \$78million, as stated by Minister Haylen in Parliament 22nd June 2023.
5. Please provide a full breakdown of costs incurred for this project from the date the contract was signed with McConnell Dowell 29th July 2023 to 3rd March 2023 when the Care Taker Period began
6. What is the full breakdown of costs incurred for this project for the period 29th March, 2023 to 30th June, 2023.
7. When asked what 'frank and fearless' advice was given, Mr Collins stated on 7th November 2023 that: "I think my frank and fearless advice was about the absolute significance of this

connection between these two lands, particularly for Aboriginal people. I was very passionate about ensuring that we didn't lose that connection.” Mr Collins stated that it would take 10 minutes on a ferry, which contradicts, the business case in the EIS of 20 minutes before factoring in delays for container traffic and swells as well as upload and download time, getting to and from wharves and walking the distance of the wharves which is over 400 metres. Can the minister explain this contradictory evidence?

8. In the latest available ABS data there are 118 Aboriginal people who reside at La Perouse and 100 at Kurnell. One of the alternative means of connection, referred to in the EIS, is a bus. A bus can pick people up directly from their homes and take them to Kurnell or La Perouse in air-conditioned comfort and provide other services such as stopping at other sites in the KBB National Park.. When reviewing this project and assessing the value for NSW taxpayers and the Aboriginal community did Minister Haylen, her office, or any staff in the Transport Department, or Minister Penny Sharpe, her office, or any staff in National Parks and Wildlife Service, consider the benefits of this alternative particularly given there would be at least another \$32 million to be spent, in addition to the \$46 million spent before the project commenced in July 2023?
9. Can Minister Haylen confirm whether the \$78million includes on-going maintenance for whole-of-life?
10. What other whole-of-life costs are included in the \$78million?
11. Mr Collins stated at Budget Estimates 7th November, 2023, that " In fact, we've covered up a pipeline that was installed in the sixties that ripped through the seagrass by previous building of a huge oil terminal that, if you remember, is right next door.” Could you please provide details of the pipeline project that took place in the sixties, the extent of the loss, and how many square metres Transport has been responsible for ‘covering up’.
12. Has there been any communication about this project between Minister Jo Haylen, her office, with the Federal Government MP for Kingsford Smith Mr Matt Thistlethwaite?
13. This was a project endorsed by the Federal MP for Cook and former Prime Minister Scott Morrison. Has there been any communication about this project between Minister Jo Haylen, her office with the current Prime Minister, Mr Anthony Albanese, or any member of his office.
